

Directions to the Law Offices of Alan Fanger

110 Cedar Street, Wellesley, MA 02481 – 617.332.3456

The entrance to the parking lot for 110 Cedar Street is located on the “ramp” road connecting Cedar Street and Route 9. Google Maps does not navigate this ramp properly and its final directions end on Cedar Street (in the middle of these ramps) where no buildings abut. Below are the correct instructions:

From Route 9 Westbound

Heading west on Route 9, take the first Cedar Street exit off Route 9 (Newton Lower Falls). Proceed approximately 150 feet. Make a right turn into the parking lot immediately after the mailboxes.

From Route 9 Eastbound

Heading east on Route 9, take the Cedar Street exit (immediately after car dealership). Follow the exit road until you reach a traffic light. Stay in the left hand lane at the traffic light and make a left turn at the light. Proceed approximately 500 feet and take the first right (following signs for Route 9 Westbound). Immediately after you complete this turn (and effectively make a U-turn), enter the first parking lot driveway on your left. The building on your left is 110 Cedar Street.

From Cedar Street Northbound (heading towards Newton Lower Falls)

Heading north on Cedar Street, go straight through the traffic light where Cedar Street crosses over Route 9. Proceed approximately 500 feet after the light and make the first right turn (follow signs for Route 9 Westbound). Immediately after you complete this turn (and effectively make a U-turn), enter the first parking lot driveway on your left. The building on your left is 110 Cedar Street.

From Cedar Street Southbound (heading towards Needham)

Heading south on Cedar Street, take the exit for Route 9 Westbound (before you cross Route 9). Proceed down the road approximately 500 feet. Turn into the first parking lot entrance on your left (immediately after you pass Burton road on the left).. The building on your left is 110 Cedar Street.
